## 2086.0 - Census of Population and Housing: Families with School Children, Income Distribution, 2016

Latest ISSUE Released at 11:30 AM (CANBERRA TIME) 22/08/2017 First Issue

## Summary

### Background information

On 11 May 2017 the Australian Senate referred an inquiry into the Australian Education Amendment Bill 2017 to the Senate Education and Employment Legislation Committee for inquiry and report by 14 June 2017.

Equivalent tables from the 2011 Census of Population and Housing were compiled by the ABS in response to requests for information into the Senate Education and Employment Legislation Committee Inquiry into the Australian Education Amendment Bill 2017. The Committee's report was published on 23 June 2017. These 2016 Census of Population and Housing tables are released to inform governments, schools, parents, students and the community about the income distribution of families with school children in states and territories and across local areas of Australia.

Further tailored disaggregations of 2016 Census results are available from the ABS on request. Please contact [client.services@abs.gov.au](mailto:client.services@abs.gov.au).

### About this Release

Contains 2016 Census of Population and Housing results on the distribution of family income and equalised income for families with either primary or secondary school children. Separate tables are provided disaggregated by state and territory, and Statistical Area Level 2 (SA2).
